

ESSEC Business School

Research Associate Position -

Centre of Excellence for Digital Business

The Centre of Excellence for Digital Business of ESSEC Business School opens a full-time Research Associate post-doctorate position to conduct research in digital business, big data and platforms for its Paris-Cergy campus, starting fall 2015.

ESSEC is one of the leading European Business Schools, and a French “Grande Ecole” with two campuses, one in the Paris metropolitan area, and one in Singapore. It offers graduate level training in business administration (MSc, MBA, Executive MBA, Specialized Masters, PhD, etc.). Its Master in Management (MiM) program was ranked #3 worldwide in the last Financial Times ranking.

The Center of Excellence for Digital Business of ESSEC has a mission to coordinate all ESSEC activities in the digital domain and develop additional initiatives in terms of research, teaching, corporate support or participation in public debates. Professor Nicolas Glady, Director of the Centre, and Professor Jan Ondrus, Co-Director of the Media Chair, will supervise the research projects in collaboration with multinational companies.

To be considered, candidates should hold a Ph.D. or doctorate in Information Systems, in Computer Sciences, in Technology Management, in Marketing or in Management with a strong interest on digital issues. The current projects are related to digital platforms, ecosystems and business analytics (big data). Candidates should show evidence of excellence both in data collection and quantitative research, with a scholarly research record as evidenced by publications.

Support to research is key to ESSEC’s policy and faculty members enjoy a very favorable environment. The candidate should be able to work in English. French would be an advantage.

Candidates should send their applications by August the 31st to ondrus@essec.edu (including a cover letter, a detailed curriculum vitae, and a list of publications if relevant).
